Guadalupe County Community Resource Coordination Groups (CRCG)

Phone: (512) 424-6963

Services provided:

CRCG are local interagency groups comprised of public and private agencies that help develop service plans for individuals and families whose needs can be met only through interagency coordination and cooperation. The Guadalupe County CRCG serves children, families, and adults.

Building trusting relationships and working in partnership, CRCGs are doing what no one agency could do alone. By working together, they make it more likely for individuals and families to receive the assistance they need before the situation becomes unsolvable. In many communities, CRCGs identify service gaps in their area and help plan for appropriate resources to meet their client's needs. As a result, more people get the service support they need.

Application Process:

The process starts by requesting staffing. You can speak with your agency's CRCG representative or you can contact the CRCG chairperson directly to request a staffing. All areas of the nation are prone to some type of natural disaster. Guadalupe County, like all counties in this region, has a history of experiencing drought, tornados, thunderstorms, and hurricanes. In addition, some areas are particularly susceptible to flash flooding. While our biggest potential threat is a natural disaster, as the county continues to grow so does the possibility of a manmade hazardous event. While the timing and intensity of these events can never be exactly predicted there are many steps we can take to dramatically lessen the impact.

Disaster Management is a team effort. The Office of Emergency Management works closely with the Guadalupe County Commissioners Court, Sheriff's Office, area Fire Departments, Hospitals, Schools, and other city and regional entities to constantly refine and practice the elements of the county disaster plan. The goal at the Office of Emergency Management is to be proactive in mitigation and preparation so the county and its citizens are prepared before the next event occurs. Likewise, we are here to assist local state and federal agencies with response and recovery during and after the event.

Guadalupe Valley Christian Counseling Center (GVCCC) is a non-profit Christian agency supported by area churches. While our staff members are committed Christians with their own faith statements and understandings, their purpose is not to preach to clients. They are clinically trained and experienced professionals who utilize the tools of the psychotherapeutic fields to help clients achieve optimal mental, emotional and spiritual health. Tools of the faith such as confession and forgiveness, prayer, and Biblical meditation can be used when the client feels comfortable with them and can be benefited therapeutically. Individual Therapy, Couple and Family Therapy, Specialized Services (Psychological testing, Career planning, career counseling and life coaching), and Family Life Education Programs are available.

Eligibility: GVCCC provides quality care with fees on a sliding scale. The client portion of the fee, set during the first visit, is based on family income and family size. In many instances, a client's health insurance will pay a portion of the fee. Fees for family life education programs are dependent on length and type of program. MISSION: Our mission is to bring the finest professional tools and teaching available to all 501 (c) (3) organizations that are small, new, rural, just beginning to grow, or are reimbursement-dependent. Professionals in the Nonprofits Sector from across the nation bring a wealth of practical, creative, effective ideas and materials designed specifically for the circumstances faced by these nonprofits daily. Easily accessible to those who choose to affiliate with NCEN, use of these resources by boards, staff and volunteers will strengthen affiliated organizations that are vulnerable, adding options for increased unrestricted income, adding simple but vital fundraising programs that are new to them, and engaging in opportunities to share information with others across the nation who find themselves in similar situations.

SERVICES: NCEN is itself a new nonprofit. Because the website gives Affiliates access to the tools being created for this category of nonprofit, full services will not be available until late summer of 2012. Central to the programs of NCEN will be very low cost Podcasts recorded by accomplished professionals around the nation, who will also provide written materials that accompany each short "course" covering one of many aspects of nonprofit work. The objectives and activities involved in each course will be outlined, with follow up measurements included as well as an opportunity to interact with other, similar organizations. An extensive library of tools like forms and templates is part of the Affiliation benefit.

APPLICATION PROCESS:

Qualified to affiliate for a fee of \$50 annually are:

- Nonprofit, tax-exempt organizations that have received a Letter of Determination from the IRS declaring their qualification under IRS Section 501 (c) (3), and,
- Any of the above non-profits that fall in one of the following categories: small, new, rural, emerging, just beginning to raise funds, or reimbursement-dependent. Organizations can join at any time. Those joining prior to September 1, 2012 will keep their membership for one year from the date the website is launched.

OFFICE HOURS:

9:00 AM to 5:00 PM, M-F. Because staff is limited, may be in meetings or traveling, please call before visiting. CONTACT INFORMATION: Nancy Berry, President NATIONAL CENTER FOR EMERGING NONPROFITS 301 North Austin Street, Suite 407 Seguin, TX 78155

Determines eligibility and issues a Lone Star Card which may be used as money in the purchase of food items only (no tobacco, toiletries and paper goods or pet food). The SNAP program helps households with low incomes and resources buy the food they need for good health. SNAP benefits are given to single persons or families who meet the programs requirements. Temporary Assistance for Needy Families (TANF) provides financial assistance for children and their parents or relative that serves as a caretaker for the child or children. Monthly cash payments help pay for food, clothing, housing, utilities, furniture, transportation, telephone, laundry, household items and other basic needs.

Eligibility:

The formula to determine eligibility is based on the number of persons in the household and the total gross income. The cost of dependent care is deductible, and a deduction of 20% of earned gross income is also applied in computing net income for food stamp. The adjusted income after all allowable deduction is then used to determine eligibility. There is also a resource limit that considers the value of vehicles, bank accounts, and cash on hand. To receive TANF a family must be below income and resource limits set for the program as well. These income and resource limits differ from the SNAP guidelines
